A photograph of two women in a casino setting. They are standing in front of a slot machine, which is illuminated with vibrant orange and green neon lights. The woman on the right is smiling broadly, looking towards the slot machine. The woman on the left is also smiling and looking at the machine. The background is slightly blurred, showing other casino lights and a warm, ambient atmosphere.

Run. Walk. Ride.

Multi-purpose recreational trail designed for pedestrians and bicyclists, traverses prairies, woodlands and wetlands as it winds between Oakwood and Danville.

Currently, two sections of the trail are completed, the three-mile path in Vermilion County over the trestle bridge and the 6.7-mile trail between Urbana and St. Joseph.

When completed, the Kickapoo Rail Trail will be a 24.5-mile trail that follows the former CSX/Conrail from Kickapoo State Park just outside of Danville to Urbana.

FEATURES

- The trail's crown jewel, the Kickapoo Rail Trail Bridge, a renovated trestle bridge, soars 88 feet above the Middle Fork of the Vermilion River.
- The gentle grade, 10-foot width, and spectacular river views make it a new favorite for walkers, runners, cyclists, and people with wheelchairs and strollers.
- Parking and restrooms are available at the trailhead on US 150, west of Danville on Route 150 East, east of Oakwood.

FAMOUS FOR OUR Murals

Danville and Vermilion County are well known for their wall murals.

Danville's 17 Walldog Murals came to life over 6 days in August 2010 which began as a Walldog sign painter's reunion. Approximately 125 artists came from all over the world and transformed Downtown Danville's walls into a colorful, robust, historical bus or walking tourist attraction, all within a 3-block radius of one another. Danville is one of 30 towns, 30 years, and 459 Walldog Murals in the USA. More murals popped up in Danville, and other Vermilion County towns, illustrating our area's pride in our history and art.

Check out our website visitdanvillearea.com for our famous Walldogs and other murals in our communities.

To check for updates or arrange a group tour of the initial murals, email info@danvilleareainfo.com, or call 217-442-2096.

Meet Dax... he isn't just a dog; he's the heart and soul of the Danville Walldogs!

Would you like to stroll Danville's historic streets? Contact our office at 217-442-2096 and set up your guided tour with one of the members of our team.

VERMILION COUNTY, ILLINOIS

A bustling river town was the dream of Dan Beckwith when he first came to Vermilion County. Beckwith donated twenty acres of the first eight and platted the town into lots north and south of Main Street, and east and west of Vermilion. Coal mining, railroading, and manufacturing. Danville has had them all. Today, nestled within the area of natural beauty and abundant resources, Danville still has a lot to offer those who follow in the paths of the first settlers.

Vermilion County was established January 18, 1826 and comprises 898 square miles. Danville is the county seat. Vermilion County is served by a number of commercial rail routes, as well as Interstate 74 and the Vermilion County Regional Airport.
